

A technical line drawing of a stepped block on a gray background. The block has a total height of 90, a total width of 115, and a front-left step of width 21. The drawing uses perspective, showing the top, front, and side faces. The top surface is divided into a 21x21 square on the left and an 84x84 square on the right. The front face shows a 21x90 rectangle on the left and an 84x90 rectangle on the right. The right side face shows a 21x21 square at the top and an 84x84 square below it. The drawing is composed of black outlines on a gray background.
